Discernment Discussion Questions

FOCUS: YOU

What is a significant personal experience you have had with INjustice?

When you have seen or experienced injustice, what did you feel? What did you do?

As you reflect on your experience, what does it tell you about what matters to you?

FOCUS: YOUR COMMUNITY AND CONGREGATION

How welcoming is your congregation when it comes to pursuing justice, particularly trying to work beyond charity toward root causes of larger social inequities?

Currently, what injustice(s) are you most aware of in your own life or community?

How is that being addressed, if at all? What do you see as real obstacles?

FOCUS: ONE STEP FORWARD

Who else in your church can you talk to and work with? Who will pray for you and support you?

What person or organization may already be involved with addressing this? Who should you partner with?
