

Field Work

1. Have a conversation with your team using the questions below. Record the responses in a "Learnings Log," making note of anything that feels especially important for the team to remember moving forward.
2. Consider re-watching the video with a larger group in the congregation (maybe the council or an adult-education group) and having a second conversation with the questions below. Again, have someone present who can capture notes in the "Learnings Log" and bring back to the team the things that felt especially important or meaningful to share with the whole congregation.
3. Put up the "Core Beliefs" and "Quotes" posters somewhere prominent in the church building, and find ways to talk about them in many contexts in the church's life, asking people questions #2 & #3 below. Again, find a way to record their answers in your "Learnings Log" and bring them back to the team.

QUESTIONS FOR REFLECTION:

1. What caught your attention in this video?
2. Which core beliefs feel "right on point" to you? Why do you think that is?
3. Which quotes are you most drawn toward? Why do you think that is?
4. What questions are coming to mind for you?
(Not to answer them...just to name them)
5. What might God be nudging us to consider?
