

# ADVENTURES IN RENEWAL

*The Spirit of God is alive and active,  
leading the Church through every change and every age.*

*Our task as leaders is to create an environment in which  
people can deepen their attentiveness to God's influence in their lives.*

*God's invitation today is to set aside the institutional dilemmas your  
church may be facing, not because they aren't real  
and don't need to be addressed, but because  
**the best way to address them is first to learn to be led by God  
into deeper connections with one another and our neighbors.**  
This is, and has always been, the path of church renewal.*

*Most importantly, God is at the center of this process.*

**CHOOSE YOUR ADVENTURE**  
*a few of many on-ramp options to begin your adventure*
