

Field Work

You can choose either option to do with others from your congregation (council, staff, Bible study group, renewal team, etc.)

Option 1: Read the 3-page document "A Changing World" that summarizes the cultural changes, & use the discussion guide in that document to discuss it with others from your congregation.

This document is found in the same place you found the video

Option 2: Watch the 70-minute video of Dr. Dwight Zscheile and use the questions below for either personal reflection or group discussion:

- a. What caught your attention in this video?
- b. What did you hear that felt accurate to you?
- c. What questions did this video create for you?
- d. What do you think God might be nudging you, or your congregation, to do next now that you have watched this? What might one faithful next step be?
