

ROLL THE STONE AWAY (Peder Eide)

VERSES:

Darkness came at sunrise
Then the man refused to wake
Four full days of weeping
There must be some mistake
How could this happen?
God, where do you go?

Jesus said, "Where have you laid him?"
They said, "Follow us this way."
They took him to the dead man
In a cave where dead men lay
He said, "God's glory will be shone." **(Refrain)**

All night, she struggled, shaking,
Through the rat-infested heat
All day, he struggles, waking
To find a bite to eat
How could this happen?
God, where do you go?

Jesus said, "These are my children,
The ones I came to save.
Their poverty has bound them
Concealed them in a grave."
Now for God's glory to be shone **(Refrain)**

They can't heal me when I'm naked
My voice is colored by their groans
Of hunger, pain and sickness
You gotta roll away those stones **(Refrain 2x)**

REFRAIN:

Roll the stone away
What I say is true
Roll the stone away
See the wonder God can do
Roll the stone away
You've got no other choice
If they're gonna rise, gotta hear my voice, oh
Oh, roll the stone away.
