

Independence
AS LONG AS YOU WANT IT.

Compassionate care
WHENEVER YOU NEED IT.

Independent Living

Luther Manor offers 18 different Terrace apartment styles, which range from a studio efficiency to two-bedrooms with a living room and dining room. A wide range of life enrichment activities – both in the facility and out – ensure that residents may live life to the fullest.

Supportive Living

Supportive Living in the Terrace program provides the independent lifestyle of apartment living along with the comfort of knowing that services like nursing and personal care are available when needed. Services are customized for each resident and are adjusted to allow for independence as long as possible.

Assisted Living

Whether residents need assistance with routine activities (grooming, managing medicine) or memory support, a wide range of services are available in two locations: Wauwatosa and Mequon. Our goal is to help residents maintain the greatest possible level of physical health, independence and emotional well-being.

Skilled Nursing

The Health Care Center provides a dedicated team of specially trained staff members and medical professionals ready to deliver high-quality care for those in need of 24-hour skilled nursing.

Rehabilitation Services

Physicians, nurses, therapists and case managers will work with clients to create an individual care plan to help them achieve their health goals. We provide education and support to prepare clients and their families for the return home.

Adult Day Services

Offered at our Wauwatosa campus and in Grafton, Adult Day Services promote health, independent living, social confidence and personal growth in an environment of care and support geared toward older adults.

Memory Care

Luther Manor offers memory care programs for individuals with dementia and Alzheimer's disease to maximize independence throughout each stage of memory loss. Our person-centered memory care is facilitated through small groups, frequent one-on-one interactions, and special activities.

Hospice Care

Hospice Care gives patients and their loved ones the opportunity to make decisions about end-of-life care, while being supported by a dedicated, compassionate staff, including physicians, chaplain, nurses, caregivers, hospice aides, social workers, spiritual care coordinators, and bereavement counselors.

INDIVIDUALS MAY ENTER
THE LUTHER MANOR
CARE CONTINUUM
THROUGH ANY OF OUR
PROGRAM OPTIONS. AS
HEALTH NEEDS CHANGE,
