

## **Nominating Committee Report 2017**

Dear Friends in our Greater Milwaukee Synod,

The work of our Synod can only be done effectively if many of us are involved in it. We always need a variety of people, a variety of voices, that represent a variety of races, genders, economic backgrounds. We give thanks for those who have stepped forward this year and placed their names in nomination for Synod positions. I give thanks for the other members of our Committee, Susan Daniels and Pastor Kristin Berglund, and especially thank Matthew Brockmeier and Mary Romskog for keeping track of open positions and nominations. I encourage all of our members of our Greater Milwaukee Synod to consider filling positions that become open on the Synod Council and other Committees of our Synod so that our work together can be more effective.

Pastor Fred Thomas-Breitfeld  
Chairperson, Nominating Committee
