

**Act Compassionately. Serve Humbly. Lead Courageously.**

While the pandemic resulted in many new experiences for all of us, adapting to the changing needs of communities is something LSS achieved since its beginning. We could not have accomplished this without your support, God's guidance and the many partners who share our ministry. Despite the challenges, LSS continued services through alternative methods like Telehealth. Nearly 30,000 clients found healing, a path to recovery, a family to thrive in, a home that's safe and affordable, independence and a life that is truly their own.

**Called to Serve.  
Empowered to Act.  
Inspired to Lead.  
With You, We Ignite  
the Flame of Unlimited  
Potential.**

## **LSS Is a Blessing for Greater Milwaukee Synod Area Family**

Yamileth works as a nurse and has legal guardianship of her grandchildren. Our School-Centered Mental Health therapist Ivy has been working with her children on practicing patience and empathy.

"The services have been wonderful and amazing," said Yamileth Campos, whose grandchildren receive therapy through LSS. Campos said the program has been a blessing. Her grandchildren attend Bruce-Guadalupe Community School, and have transitioned to virtual therapy sessions.

Yamileth said, "I'm the one that gets the benefits because they are doing so well at home." (Originally reported in Journal Sentinel, Milwaukee)

## **"Best and Brightest Companies to Work For"**

LSS has been officially recognized by the National Association for Business Resources (NABR) for "exceptional human resource practices and an impressive commitment to their employees."
