**REFLECTION & SMALL GROUP DISCUSSION**

**If you did your small "new action" from the last session**  
What Happened? Tell the story.  
What did you notice/learn as you tried this new action?  
What do you wonder about your new action?  
What might God be calling you to do next?

**If you didn't do your small "new action" from the last session**  
What did you notice about not doing your new action? What got in your way?  
How could you apply these same basic questions to your work?  
(What do you notice? What do you wonder? What might God be inviting?)  
What might God be calling you to do next?

**If you weren't with us a month ago**  
As you think about your role as DEM during the pandemic...  
What do you notice? What do you wonder? What might God be inviting?
